The YI Vizag has organized a session on “**Financial Insights for a better tomorrow**” to all Management students. The speaker for the session started with the basic phrase Money makes the world go Round , the speaker explained while we’re not here to get into how much that may or may not be true on a global scale, it’s certainly true for your consumers. People everywhere, every day rely on financial institutions all over the world.

A small video was played on Financial Literacy for Tomorrow which displayed the flow chart related to finance literacy, investment, different policies, how to save money, Investing Tips, Taxes etc. Further it was stated that financial education can help the students to develop critical thinking, problem solving, and decision-making skills that are essential for life. Some real-life situations were explained, and fun modules were shown. A story was narrated to start their startups how they can start small startups by zero investing. It was advised to the students that financial literacy can help them to grow personally and professionally. The concluding statements for the session was - insights about the current market position, financial advice on how to save money, investing tips, and how to spend money, and clarified all our doubts regarding how to save taxes and earn more money. The session ended with feedback from the students.
