Literary Utsav 2022

“Literature adds to reality, it does not simply describe it. It enriches the necessary competencies that daily life requires and provides; and in this respect, it irrigates the deserts that our lives have already become.”- C.S.Lewis

What is the beauty of literature? It could be the pure simplicity or the creative complexity, It could be the last breath of sigh a person takes when they finish that heart touching line, it could be the how the audience live their lives once they've encountered that verse. Either way literature transcends all emotions, illuminates one's hidden aspects.
